CONTENT COORDINATOR (Destination Services EMEA)

Job Mission:

To manage and implement content management for Expedia Destination Services EMEA Group, in order to meet sales targets and maximize revenue streams.

Key Areas Of Responsibility:

- Data entry and loading of new attraction and service offerings and updates to pricing and content of existing offerings into a Web-based content tool. Creatively write and condense copy sent by suppliers so the copy is not only factual and succinct, but engaging, even "salesy" and clever when appropriate. Analyze how to best load offers using the features and limitations of a Web-based content tool. (30% of time).
- Verifying accuracy of data and content on live and test sites (20% of time).
- Communicating via phone and/or email with vendors and suppliers and coordinating getting their products loaded onto the Web via all steps above; ascertain details of suppliers' tours, offers, or services (10% of time).
- Miscellaneous maintenance updates to pricing, content, images, data on a regular basis as needed by team (40% of time).

Requirements / Qualifications:

- B.A. degree required with 1 to 2 years experience supporting marketing, online editorial or production environment.
- Technical expertise in Word and at least one database such as Excel or Access.
- Strong verbal and written communication skills (including exceptional grammar).
- Internet savvy.
- Excellent oral and written English (in addition, Spanish and/or German would be very valuable).
